### III. In the Claims

Please amend the claims as follows:

1. (Currently amended) A method including:

forming, from a singular sheet, at least two of a carrier waybill area, a packing list area, and a customizable component area, wherein

if one of the at least two areas includes the carrier waybill area, printing a carrier waybill on the ~~shipping sheet~~ carrier waybill area,

if one of the at least two areas includes the packing list area, printing a packing list on the packing list area, and

if one of the at least two areas includes the customizable component area, printing a customizable component on the customizable component area.

2. (Previously presented) The method of claim 1, wherein the forming includes all of the areas.

3. (Currently amended) The method of claim 1, wherein the at least two areas include the customizable component area, and ~~the~~ printing ~~a~~ the customizable component is ~~enabled~~ facilitated by receiving a digital message defining the printing of the customizable component from a consumer ordering ~~computer~~ system.

4. (Currently amended) The method of claim 1, wherein the at least two areas ~~includes~~ include the customizable component area, and ~~the~~ printing ~~a~~ the customizable component is ~~enabled~~ facilitated by receiving a digital message defining the printing of the customizable component from a consumer ~~computer~~ ordering system at an ordering center system, and further including communicating the message to a distribution

shipping the package in accordance with the carrier waybill.

11. (Currently amended) The method of claim 1, further including:  
~~associating~~ combining a piece of the sheet comprised of one of the  
areas with goods in a package, and shipping the package.

12. (Currently amended) The method of claim 2, further including:  
~~associating~~ combining a piece of the sheet comprised of one of the  
areas with goods in a package, and shipping the package.

13. (Currently amended) The method of claim 1, further including:  
~~associating~~ combining a piece of the sheet comprised of one of the  
areas with flowers in a package, and shipping the package.

14. (Currently amended) The method of claim 2, further including:  
~~associating~~ combining a piece of the sheet comprised of one of the  
areas with flowers in a package, and shipping the package.

15. (Previously presented) The method of claim 1, wherein the  
customizable component is comprised of a graphic.

16. (Previously presented) The method of claim 1, wherein the  
customizable component is comprised of text.

17. (Currently amended) A product produced by the process of any one of

claims 1-16.

18. (Previously presented) A method including:  
forming multiple parts from a sheet, the parts including at least two of a  
packing list, a customizable component, and a shipping sheet;  
combining one of the at least two parts with a package; and  
shipping the package.

19. (Currently amended) The method of claim 18, wherein the sheet is  
integral ~~when~~ during said printing the at least two of a packing list, a customizable  
component, and a shipping sheet.

20. (Currently amended) The method of claim 18, wherein the sheet is not  
integral ~~when~~ during said printing the at least two of a packing list, a customizable  
component, and a shipping sheet.

21. (Currently amended) The method of claim 19, wherein the printing is  
~~enabled~~ facilitated by a TCP/IP communication.

22. (Currently amended) The method of claim 20, wherein the printing is  
~~enabled~~ facilitated by a TCP/IP communication.

23. (Currently amended) The method of claim 18, wherein the at least two  
parts include the shipping sheet, and the shipping sheet designates goods in the package.

24. (Currently amended) A sheet produced by the process of any one of  
claims 18-23.

25. (Previously presented) A method including:  
forming a combination of a portion from a sheet with a package, the portion  
including at least one of a packing list, a customizable component, and a shipping sheet; and  
shipping the combination.

26. (Previously presented) The method of claim 23, wherein the at least  
one includes the shipping sheet and the customizable component, and the shipping sheet  
designates goods corresponding to an order placed over the Internet.

27. (Currently amended) A combination produced by the process of any  
one of claims 25-26.

Please add new claim 28.

28. (New) The method of claim 1, further including:  
wherein the at least two areas include the carrier waybill area, and further  
including printing an ornamental design on the carrier waybill area.
